Summary

Computer Science graduate with a strong foundation in software development specialized in frontend development. Skilled in Vue.js, Nuxt.js, and JavaScript, with hands-on experience building responsive, user-friendly web apps. Proficient in REST APIs, version control, and modern UI/UX principles.

Skills

Frontend & UI: Vue.js, Nuxt.js, React.js, JavaScript(ES6+), TypeScript, HTML, CSS, Sass, Tailwind CSS, Nuxt UI, ShadCN UI, Bootstrap

State Management & APIs: Pinia, Vuex, RESTful APIs, Axios

Backend & Databases: Node.js, Express.js, MongoDB

Tools & Deployment: Git/GitHub, Vite, Webpack, Figma, Netlify, Vercel

Soft Skills: Collaboration, Problem-solving, Adaptability, Communication, Attention to Detail

Experience

Front-End Engineer   **July 2025 - Present**
HIGHBASE TRADING W.L.L   *Remote - Muharraq, Bahrain*

Worke on a large-scale e-commerce platform, collaborating with international teams environment to deliver high-quality, user-focused solutions.
- Fix critical system bugs to ensure smooth functionality and performance.
- Translate Figma designs into pixel-perfect, responsive interfaces.
- Build reusable Vue 3 components to improve development efficiency and scalability.
- Manage and enhance the system's dashboard for better usability.
- Write and execute tests to maintain code quality.

Freelancer Front-End Developer   **May 2023 - Jun 2025**
Freelancing Platforms   *Remote*

- Successfully delivered 15+ projects for global clients with a 96% satisfaction rate.
- Optimized website performance by 30% using HTML, CSS, JavaScript, TypeScript, jQuery, TailwindCSS and Bootstrap.
- Developed reusable components in Vue.js and Nuxt.js, increasing efficiency by 25%.

Projects

Interactive Dashboard – *Nuxt 3, TypeScript, Tailwind CSS and ShadCN UI*

- Developed a responsive admin dashboard using Nuxt.js, featuring dynamic sidebars, interactive charts, and data tables.
- Utilized ShadCN UI for accessible components and Tailwind CSS for consistent styling, ensuring optimal performance across various devices.

E-commerce Website – *Vue.js, Tailwind CSS, Node.js/Express.js, and MongoDB*

- Designed a fashion e-commerce platform where sellers can manage their products.
- Customers can view orders, returned orders, payment cards, and apply discount codes.

Educational Managment System – *Vue.js, Tailwind CSS, PHP Laravel, and ML Models (NN, CNN)*

- Developed a comprehensive platform to streamline communication between schools, administrations and parents.
- Features include online student enrollment and transfers, grade and behavior tracking accessible to parents, and an integrated chatbot to assist users in navigating the Darb educational platform.

Education

Cairo University – Faculty of Computers and Artificial Intelligence   **Oct 2020 - Jul 2024**
Bachelor of Computer Science, GPA: 3.1 (Very Good)

Achievements

- ICPC International Programming Contest - Participant   **15 Aug 2023**
- Certification of Programming Basics Diploma   **25 Feb 2022**
