Summary

Front-End Engineer with a strong foundation in software development, specialized in building scalable, product-based web applications. Experienced in Vue.js, Nuxt.js, and TypeScript, with hands-on expertise in E2E testing, analytics integration, and delivering responsive, user-focused interfaces.

Skills

Frontend & UI: Vue.js, Nuxt.js, React.js, JavaScript(ES6+), TypeScript, HTML, CSS, Sass, Tailwind CSS, Nuxt UI, ShadCN UI, Bootstrap

State Management & APIs: Pinia, Vuex, Inertia, RESTful APIs, Axios

Backend & Databases: Node.js, Express.js, MongoDB

Tools & Deployment: Git/GitHub, Vite, Webpack, Figma, Netlify, Vercel

Testing & Analytics: Playwright (E2E), PostHog (Product Analytics, Event Tracking)

Soft Skills: Collaboration, Problem-solving, Adaptability, Communication, Attention to Detail

Experience

Front-End Engineer

July 2025 - Present

HIGHBASE TRADING W.L.L

Remote · Full-time · Muharraq, Bahrain

- Contributed to a large-scale B2B wholesale e-commerce platform used by real vendors and brands.
- Built and maintained scalable Vue 3 components for storefronts and admin dashboards.
- Translated complex Figma designs into pixel-perfect, responsive UI using Tailwind CSS.
- Improved dashboard usability and performance by refactoring legacy components.
- Designed and implemented end-to-end (E2E) automated tests using Playwright for critical user flows.
- Integrated PostHog analytics to track user behavior, feature usage, and key business events.
- Fixed critical production bugs and collaborated with backend teams to ensure system stability.
- Worked in a cross-functional, international team using Git-based workflows.

Freelancer Front-End Developer

May 2023 - Jun. 2025

Freelance Platforms

Remote

- Successfully delivered 15+ projects for global clients with a 96% satisfaction rate
- Optimized website performance by 30% using HTML, CSS, JavaScript, TypeScript, jQuery, TailwindCSS and Bootstrap.
- Developed reusable components in Vue.js and Nuxt.js, increasing efficiency by 25%.

Projects

Interactive Dashboard – Nuxt 3, TypeScript, Tailwind CSS and ShadCN UI

- Developed a responsive admin dashboard using Nuxt.js, featuring dynamic sidebars, interactive charts, and data tables.
- Utilized ShadCN UI for accessible components and Tailwind CSS for consistent styling, ensuring optimal performance across various devices.

E-Commerce Website – Vue.js, Tailwind CSS, Node.js/Express.js, and MongoDB

- Designed a fashion e-commerce platform where sellers can manage their products.
- Customers can view orders, returned orders, payment cards, and apply discount codes.

Education

Cairo University – Faculty of Computers and Artificial Intelligence

Oct. 2020 - Jul 2024

Bachelor of Computer Science, GPA: 3.1 (Very Good)

Achievements

- ICPC International Programming Contest - Participant 12 Aug. 2023
- Web Front-End Learning Guide Certificate 20 May 2023
- Certification of Programming Basics Diploma 25 Feb. 2022
